

<https://elevateaustingroup.com>

Built in late 2016, 1009 Woodland is the back cottage to 1700 Kenwood. Created by a local film producer to be a production office/apartment for visiting artists, 1009's downstairs office has extra insulation and a separate thermostat. Choosing sustainability, this lovely and quiet space features a tankless water heater, standing seam roof, dual-pane windows, and ...
